

National Mullet Club

Join us and fish for the hardest fighting fish in UK waters !

We welcome new members at all levels of ability, from those yet to catch to the more proficient angler.

Membership benefits include two magazines a year, five newsletters, tons of free information on our website, contact details of other mullet enthusiasts, a "first mullet" help scheme, fish-ins, certificates and trophies.

NMC has a strong catch and release ethos and campaigns for measures to conserve mullet stocks in the face of increasing commercial mullet fishing.
